DID YOU KNOW ...?

BALTIMORE TRAFFIC NET: LOCAL NTS TRAFFIC AND TRAINING NET

The BTN continues to meet on 145.33/R (no tone) daily at 6:30PM local time and continues to welcome new amateurs. The availability of an active directed traffic net of the NTS on VHF is exactly why the BTN was established, providing a welcoming place for newcomers to the Amateur Service. Congratulations to N3RES on the upgrade to General. At least six other BTN members have advanced to HF and checked into the MEPN this year. Thanks to all.
